**Cancel Culture's Lies vs. God's Truths
Spirit of Error vs. Spirit of Truth**

1. Existence of God

Errors – No God (atheism) – Psa. 14:1; 10:3,4,13

Many gods (polytheism) – Buddha, Allah, Krishna, Idols (Deut. 4:15-39)

Money, fame, pleasure, sex, power, luck

Man is god – Genesis 3:5, humanism

Truth – One God, Jehovah, the I AM of the Bible, co-existent in three Persons

Genesis 1:1, 26 “In the beginning God...” “Let Us” Father, Son, Holy Spirit

Deut. 6:4; 1 Cor. 8:6; Heb. 1:8

Exodus 3:14 – I AM

Jeremiah 10:6 - 10

Mark 1:9-11 – Trinity (Jesus, Holy Spirit/dove, Father's voice)

Logical reasons to believe in God:

Teleology – “telios” perfectional result, end, finish. Design demands a Designer.

Ontology – “ontos” to be; you can't think of something that isn't

Aesthetics – beauty & truth demand a standard for that

Volition – because man has a will to make choices, there must be somewhere an infinite will

Morality – right and wrong suggests necessity of an absolute standard of right and wrong

Cosmology – Either “God is” which makes sense, or God is not, which makes no sense because it means “nobody times nothing equals everything”. Aka cause and effect

2. Origins of world and mankind

Error – big bang theory, evolution

Truth – God created everything – Genesis 1:26, 27; 2:6
